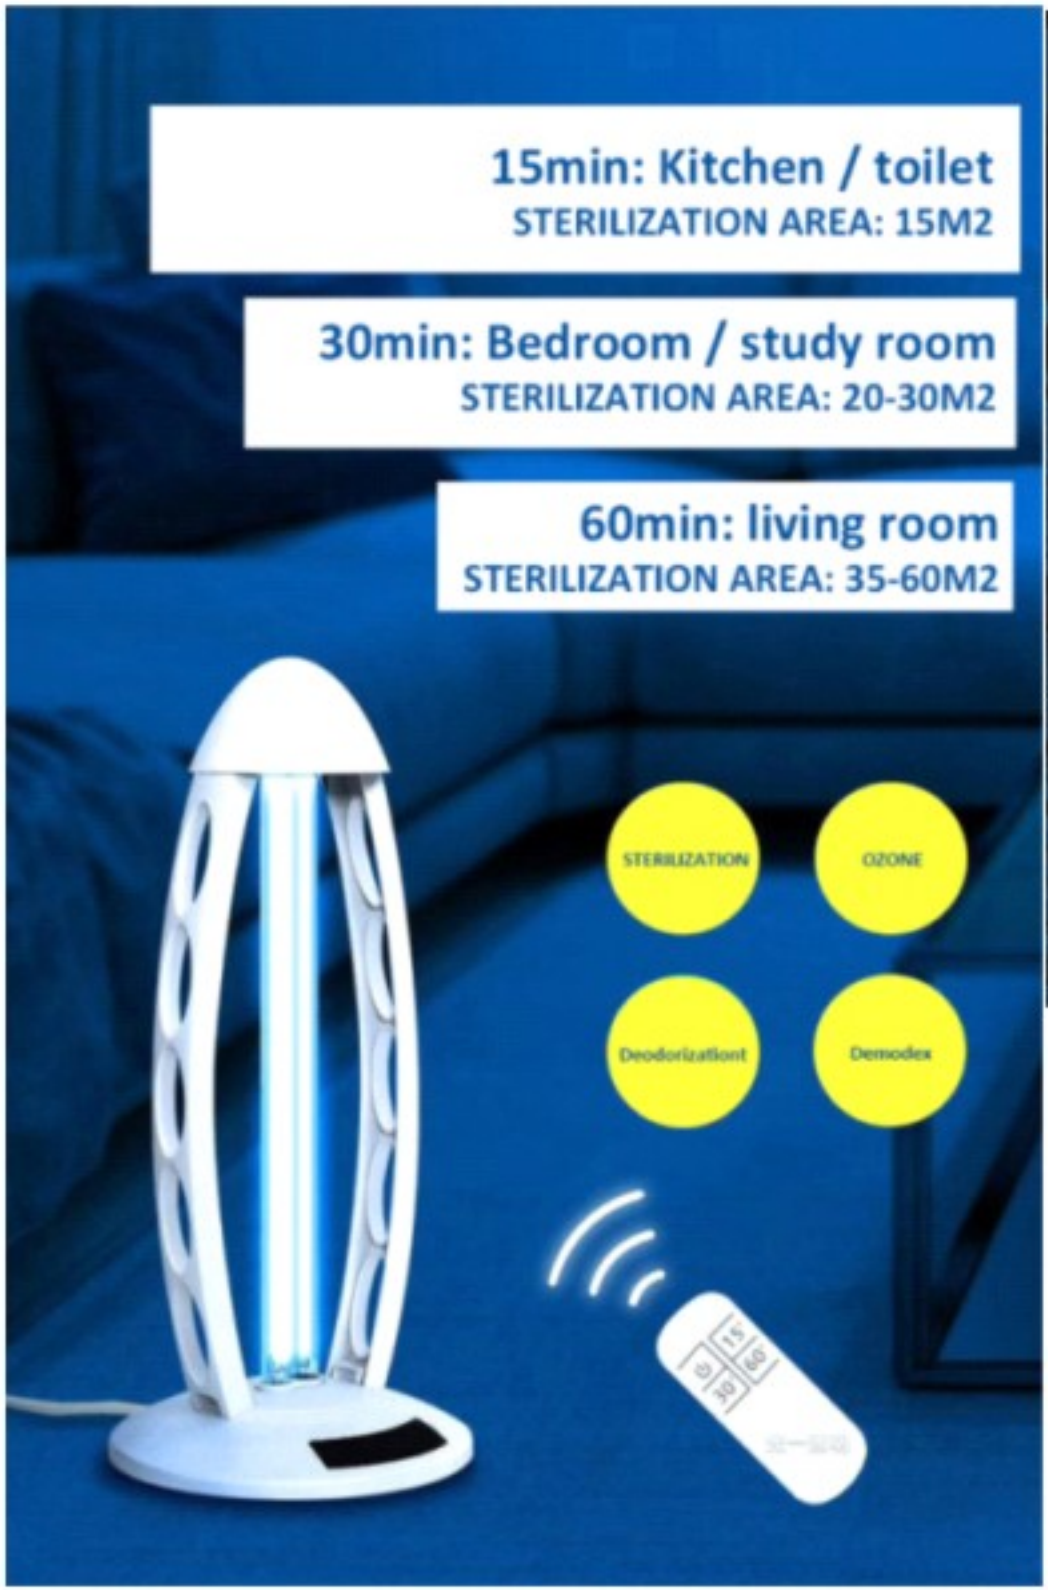
PTX003WH

PTX003



ITEM NO. : PTX003
WATTAGE: 36W
VOLTAGE: 220V/50Hz
INCLUDE OZONE
COLOR: WHITE
PRODUCT SIZE: 210*210*460mm
PACKING SIZE: 230*230*480mm
set time with remote controller
REMOTE DISTANCE: 30M
STERILIZATION AREA: 40M2
cable lenght: 1.5M

PTX002

PTX002WH

ITEM NO.: PTX002

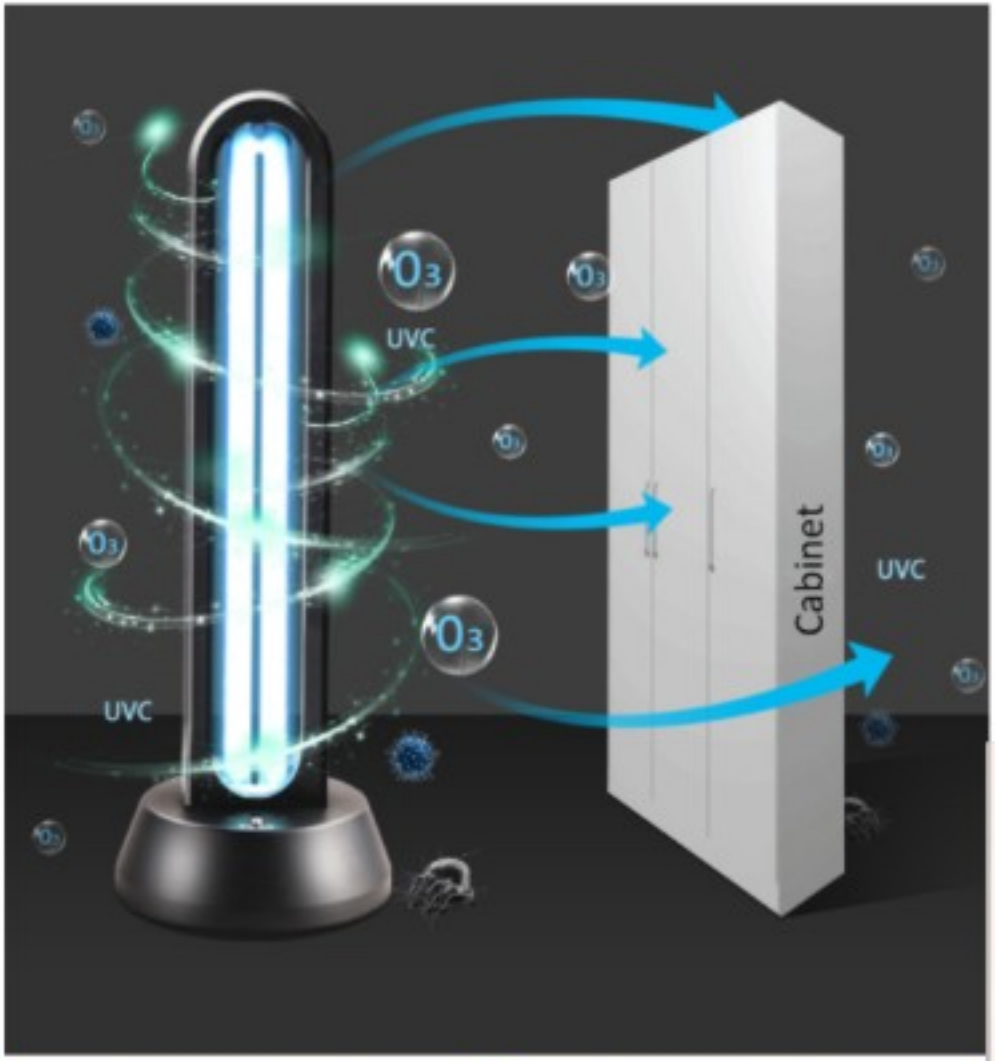
WATTAGE: 38W

VOLTAGE: 220V

PRODUCT SIZE: 140*140*460MM

PACKING SIZE: 15*15*47CM

WARNING! when the product is working, no people or pasts around. avoid untraviolet radiantion damage to skin and eyes



PTX1

PTX1WH

excl. OZONE UV lamp

UV only irradiates in a straight line, which can't eliminate the objects behind the obstacles.
But there is a dead angle of sterilization, the advantage is ventilation time is short and slight smell

incl. OZONE UV lamp

Ozone is gas.
It can be sterilized through obstacles to places where ultraviolet disinfection can't do. there is no dead corners
but it takes a long time for ventilation and strong smell

suggestion

excl. OZONE UV lamp suggested to be used in bedroom, living room, when elder people, children and
pregnant woman at home

suggestion

incl. OZONE UV lamp suggested to be used in school, hospital, Restaurants, factories and other public places like toilets, kitchens, laundry rooms, pet rooms and other places, or when people are not at home.Especial after 19-COVID, school and factories need begin again, it really need sterilization.

Peculiar smell in toilet and kitchen

The bedroom wardrobe is damp and moldy

Living room environment

Pets have a lot of bacteria

One light is on

Sterilization and mites elimination

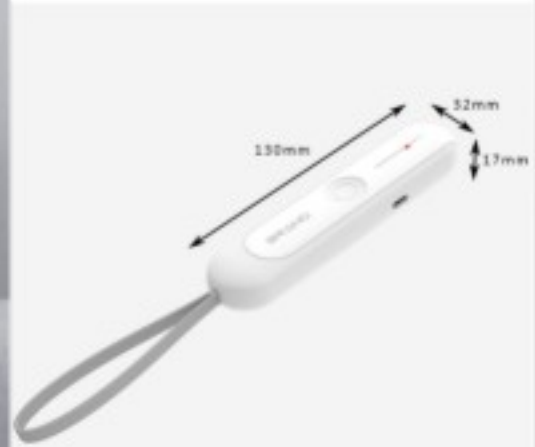
Cosmetic Brush

GERMICIDAL LAMP

Tableware disinfection



UV Disinfection for 5 minutes

It is mainly used for the DNA of microorganisms, destroying the DNA structure and making it lose the function of reproduction and self replication, so as to achieve the purpose of sterilization and disinfection

Principle of Ultraviolet Disinfection

UV-C 253.7 is a special wavelength for disinfection and sterilization, which can quickly destroy bacterial DNA and cause bacterial growth or regenerative cell death, so as to achieve the effect of disinfection and sterilization

DATA

PRODUCT SIZE: 218*182*53MM	CAPICITY SIZE: 180*100*22MM
CAPICITY: 6.5INCH MOBILE	INPUT: DC5V / 2A
